*A complete turnkey solution.*

We are a complete turnkey cabinet source for apartments, condos, hospitality, assisted living and medical facilities.

From cabinets to countertops to installation, we offer a comprehensive package of products and services to meet the demands of any size commercial project.

*The most for your money.*

Century Cabinets produces durable and beautiful all-wood kitchen and bath cabinets from maple, birch, cherry and oak. We offer both traditional face frame and frameless European style cabinets. There are no limitations on styles or finish colors.

We provide maximum value to our clients by manufacturing and distributing and installing our own products, eliminating markups and controlling costs.
